

## Look on the bright side

### Give your employees an exclusive sun perk they'll love

Now, members can get the best sun protection for their eyes – while keeping savings in their pocket. With EyeMed, they'll receive \$20 off any purchase, or \$50 off a purchase of \$200 or more toward premium, non-prescription sunglasses at Sunglass Hut.\*

We make it easy for them to take this extra step to protect their eye health. They'll simply redeem their sun savings online at [sunglasshut.com](http://sunglasshut.com) or at any participating Sunglass Hut store.

### Not all sunglasses are created equal

Quality sunglasses can provide excellent protection, blocking at least 99% of both UVA and UVB rays. In fact, extended sun exposure has been linked to damage of the lens, retina and the eye's surface.

Plus, premium lenses provide better clarity, sharpened details and better depth perception – without distortion or glare. And polarized lenses take it one step further by absorbing and filtering out unwanted light rays.
