

FACT SHEET

Lifelock Advantage™

LifeLock Advantage™ identity theft protection provides enhanced identity theft protection beyond financial and credit fraud.[†] We search for falsified court records containing your personal information to help protect you against arrest for crimes you haven't committed, monitor for fictitious identities using aliases with your Social Security number, and alert you of potentially fraudulent credit card activity.[‡]

Benefits of LifeLock Advantage™:

✔ LifeLock Identity Alert® System[†]

It's the foundation for all LifeLock services. We monitor for fraudulent use of your Social Security number, name, address, or date of birth in applications for credit and services. The patented system sends alerts by text, phone,[#] or email.

✔ Credit Card, Checking And Savings Account Activity Alerts[†]

Help protect your finances from fraud with alerts that notify you of cash withdrawals, balance transfers and large purchases.

✔ Online Annual Credit Score and Credit Report

Online access to your annual credit score and credit report from a major credit bureau, so you can see details of your credit history.

✔ Fictitious Identity Monitoring

We scan for names and addresses connected with your Social Security number to help protect against criminals building fictitious identities to open accounts or commit fraud.

✔ Data Breach Notification

Your identity is virtually everywhere. Doctors, insurance companies, employers, even your favorite retailers. We'll let you know about large-scale breaches so you can help protect your personal information.

✔ Court Records Scanning

We check court records for matches of your name and date of birth to criminal activity. It helps protect you from being falsely linked to arrests and convictions you know nothing about.

✔ Black Market Website Surveillance

Identity thieves sell personal information on black market websites around the world. LifeLock patrols over 10,000 criminal websites and notifies you if we find your data.

✔ LifeLock Privacy Monitor™

Privacy Monitor helps reduce public exposure of your personal information. We scan common public people-search websites to find your personal information and help you opt-out.

✔ Address Change Verification

Identity thieves try to divert mail to get important financial information. LifeLock lets you know of change in address requests linked to your identity.

✔ Lost Wallet Protection

A lost wallet can mean a lost identity. Call us if your wallet is lost or stolen and we'll help cancel or replace credit cards, driver's licenses, Social Security cards, insurance cards and more.

No one can prevent all identity theft.
